

## Machu Picchu by bus 2 Days/1 Night

7000 feet above sea level and nestled on a small hilltop between the Andean Mountain range, the majestic city soars above the Urubamba Valley. The Inca built structure has been deemed the 'Lost Cities', unknown until its relatively recent discovery in 1911. Archaeologists estimate that approximately 1200 people could have lived in the area, though many theorize that it was most likely a retreat for Incan rulers. Due to its isolation from the rest of Peru, living in the area full time would require travelling great distances just to reach the nearest village.

## Itinerary Day one

We will pick you up from your hotel at 7.30 a.m. to begin our journey by bus or van. Our trip will be a scenic ride to Ollantaytambo. Here we will have a chance to enjoy the beautiful scenery in the area and we will have a short stop for 30 minutes.

From there we will continue up the road to 'Abra Malaga', 4316m with spectacular landscapes (pasture lands) and there are some llamas and alpacas in the area. After the stop on the pass we start to descend into the jungle, passing through the different micro climates which combine the paradisiacal landscapes of the majestic snowcapped peaks with the hot, tropical entrance to the rainforest.

We will continue the trip until we reach the Alfamayo village. The road continues to be paved until we arrive at Santa Maria 1575 m.a.s.l. Here we will have a break then continue to Santa Teresa where we will have our lunch in a local restaurant. After enjoying lunch we will continue to walk 3 hours to Aguas Calientes or Machu Picchu town to spend the first night.

### Day two
